Reporting of Non-Instructional Employees (Assignment Codes "81500" through "99900")

Districts have two options for reporting non-instructional employees:

Option 1: Report non-instructional staff members with the original assignment codes.

Option 2: Report non-instructional staff members using a shorter list of consolidated assignment codes.

"89001"	LEA Support Staff
"89002"	Other Support Staff
"89003"	School Support Staff
"89004"	Student Support Services Staff
"89005"	Library Media Support Staff

These codes were developed to help streamline the reporting of non-instructional staff members and align with federal reports. Please note that some positions still require a unique code in order to meet federal or state requirements.

Whether you choose option 1 or 2, the codes may be submitted with the minimal number of fields as outlined in Appendix A. Districts may choose to report with the minimal field submission or a full submission for each non-instructional staff member. When reporting a full submission, all fields must be reported as required for the assignment code reported in Field 10.

Definition: This is the educator effectiveness label as identified by the school district for each educator.

The effectiveness labels should be based upon the employee's most recent evaluation.

Additional Reporting Information:

The Revised School Code [380.1249(a) MCLA] requires that all districts develop and implement annual educator evaluations. These systems are locally determined and must include measures of growth in student achievement as a significant factor. Districts must use these systems to evaluate all educators, and to assign an effectiveness label to each educator.

Districts are expected to report one effectiveness label per educator. If the educator serves in multiple roles, the district must determine an appropriate evaluation metric for that individual and assign an overall effectiveness label for that educator.

The labels required for educator effectiveness under the ~~American Recovery and Reinvestment Act of 2009, State Fiscal Stabilization Fund II (SFSF) grant assurances~~ ESEA Flexibility Principle 3 are highly effective, effective, minimally effective and ineffective. Local education agencies (LEAs) are required to determine and define within their local evaluation systems the criteria attached to each of four labels. If the LEA uses alternative labels, the LEA must determine which labels correspond with the four labels listed.

Under ~~SFSF ESEA~~ and Section 380.1249 MCLA, educator effectiveness labels are required in the EOY REP data submission. Effectiveness labels should be reported based upon the employee's most recent evaluation. The evaluation of building-level and office-level school administrator's job performance who are regularly involved in instructional matters are required at least annually [Section 380.1249(a) [MCLA].

For more information about the ~~SFSF Indicators~~, access the following website:
<http://www2.ed.gov/programs/statestabilization/stateapps/phase-ii/mi-sub-phase-2.pdf>

Under Section 380.1249 if a teacher or administrator is rated as highly effective on three consecutive annual year-end evaluations, the school district, intermediate school district, or public school academy may choose to conduct a year-end evaluation biennially instead of annually. If a teacher/administrator is not rated as highly effective on one of the biennial year-end evaluations, the teacher shall again be provided with an annual year-end evaluation.

Programming edits: This field must be submitted for the required assignment codes (see table below) or a fatal error is reported unless the employee is reported on leave with a code "3", "4" or "6" in Field 12: Funded Position Status; then this field may be left blank. If the employee was reported with a code "07" (On leave directly to retirement or termination from district) or "14" (Deceased) in Field 25: Employment Status and a termination date in Field 26: Date of Termination, this field may be left blank. If Field 12: Funded Position Status is reported with a code "1", this field must be left blank or a fatal error is reported. The Highly Effective Educator Exemption label, code "09", may only be submitted if the teacher has been submitted in REP with a Highly Effective, code "01", for the previous three consecutive years. If the teacher was not submitted in REP with a Highly Effective rating, for any one of the previous three years, a fatal error is reported when the teacher is reported with code "09". In subsequent years, the teacher must receive a Highly Effective code "01", rating biennially in order to submit the Highly Effective Educator Exemption code "09".
